PROFESSIONAL PROFILE

Computer Science graduate with Second Class Honours (Upper Division) and professional experience in customer service and financial record management. Currently enrolled in a structured Software Engineering and Web Development Mentorship Programme, where I am developing practical knowledge in HTML, CSS, JavaScript, React, Git, REST APIs, and modern software engineering practices.

Recognised for analytical thinking, adaptability, attention to detail, and strong interpersonal skills. Passionate about building innovative software solutions, continuously expanding technical expertise, and contributing to collaborative teams while growing into a highly skilled Software Engineer.
